Crear cuenta de empleado

Configurar un quiosco multimedia

Denegar acceso de lectura y escritura

The screenshot shows the 'Editor de directivas de grupo local' (Group Policy Editor) window. The left navigation pane shows a tree structure under 'Sistema' with various policy categories like 'Acceso a Almacenamiento', 'Administración de comunit...', etc. The right pane displays a table titled 'Acceso de almacenamiento extraible' with columns for 'Configuración', 'Estado', and 'Comentarios'. One specific configuration item, 'Discos extraíbles: denegar acceso de escritura', is highlighted in blue, indicating it is selected or being edited. The table lists numerous sub-items for different types of removable storage devices, such as 'CD y DVD: denegar acceso de ejecución' and 'Unidades de disco: denegar acceso de escritura', all set to 'No configurada'.

Evidencia

The screenshot shows the Windows File Explorer interface. The left sidebar shows 'Acceso rápido' (Desktop, Downloads, Documents, Images, Music, Videos) and 'Este equipo' (OneDrive, This PC). The main area shows 'Carpetas (7)' and 'Dispositivos y unidades (4)'. In the 'Dispositivos y unidades' section, there are icons for 'Unidad de disco (A:)', 'Unidad de CD (D:)', 'Disco local (C:)', and 'Disco extraíble (E:)'. A modal dialog box is open over the interface, displaying an error message: 'Ubicación no disponible' (Location not available), 'No se puede obtener acceso a E:\.', and 'Acceso denegado.' (Access denied). There is an 'Aceptar' (Accept) button at the bottom of the dialog. The status bar at the bottom of the screen shows 'Windows 10 Pro'.
